# I.S.O.SPRAY S, I.S.O. Twin Pack, I.S.O.Stick and I.S.O.FIX Adhesive

- Firestone I.S.O.Spray S insulation adhesive is a two-part polyurethane adhesive system that requires a high-pressure, heated spray system to apply. Contact your Firestone Sales Representative for further information.

- I.S.O.Spray S may be used to anchor roof insulation to various roof decks and for multi-layer insulation applications.

- I.S.O.Spray S consists of A and B components, which are purchased seperately.

- Actual coverage will vary depending on surface, materials, air temperature and humidity.
Rougher surfaces, such as existing gravel-surfaced built-up roofs, will reduce the coverage 25-40%.

| Product | Item Code W56RAC... | Units | Quantity | Approx. Coverage Rates | Weight | Price (US$) |
